

# E.R. SCHIFFAHRT - FACT SHEET

## ALL RELEVANT FACTS AT A GLANCE

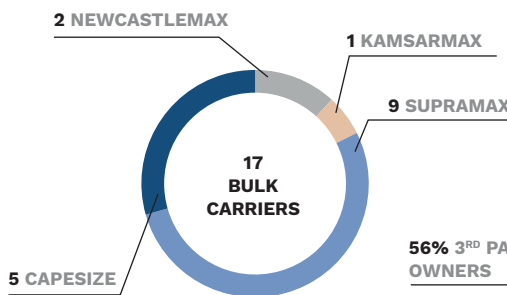

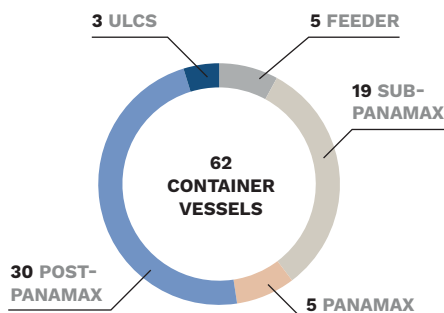

E.R. Schiffahrt is an international ship management company with about 80 vessels in service. Established by Erck Rickmers in 1998, the company provides first-class, flexible and customized services in the container and bulk segments – be it technical or commercial management, crewing, financial or insurance and consulting services. The company offers analyzed data from its vessel performance monitoring center and reportings on an individualised KPI basis. Around 3,000 employees ashore and at sea are dedicated to securing safety, reliability and excellent results for E.R. Schiffahrt’s business partners

worldwide. DNV GL awarded E.R. Schiffahrt with its ‘DNV GL Excellence – 5 Stars’ certificate for its exceptional safety, environmental and quality standards. In 2012, E.R. Schiffahrt was the first German shipping company to join the UN Global Compact, a voluntary initiative to promote sustainable development. Moreover, E.R. Schiffahrt is a founding member of the Container Ship Safety Forum (CSSF). Launched in 2014, the CSSF is a global business-to-business network to improve safety performance and management practices in the container shipping industry.
